Austin, TX | 512-961-2349 | joe.svatek@icloud.com

Profile

Detail-oriented Software Developer with deep expertise in JavaScript, TypeScript, Angular, and responsive UI design. Skilled in building fast, accessible, and mobile-friendly web apps. Experienced in integrating REST APIs and enhancing applications with AI-driven features. Comfortable with backend development using Node.js and .NET/C#.

Technical Skills

JavaScript • TypeScript • HTML5 • CSS3 • Angular (v20+) • Node.js • .NET/C#
REST APIs • OpenAI API • xAI API • Git • GitHub • Azure DevOps • CI/CD
Agile/Scrum • Responsive Design • JSON • MongoDB • Performance Optimization

Experience

Software Developer II

Common Forge Ventures - Remote | Feb 2022 - Feb 2025

Led front-end development of SaaS applications using Angular and TypeScript, integrating with .NET Core, SQL Server, and GCP.

- Developed responsive Angular components from Figma wireframes.
- Built and debugged RESTful APIs, ensuring seamless backend integration.
- Defined app requirements and workflows with Product Managers.
- Delivered features in 2-week Agile sprints, prioritizing user-focused requirements.

Software Developer

Kantar - Austin, TX | 2000 - 2021

Full stack development for enterprise web tools, specializing in modern, responsive interfaces with Angular while supporting .NET Core back-ends.

- Directed front-end for Azure-based apps (Angular, .NET Core, SQL).
- Updated API controllers, wrote Entity Framework migrations, and managed application deployments.
- Managed CI/CD pipelines and version control using Git and DevOps.
- Collaborated on global teams to deliver solutions under tight deadlines.

Education

Bachelor of Science - University of Houston, Houston, TX
1996
